

## REPORT WRITING

Q1. You are Ranjit/ Rakhi, student reporter of Blooming World Public School. Write a report to be published in the School magazine about the COVID -19 Vaccination Drive held in your school last week.

Ans-

### DRIVE FOR HEALTH AND CARE

-Ranjit/Rakhi

Tuesday, February 8, 2022

A mass vaccination drive was organised last week in the school for the students eligible to get the vaccine.

The drive was held for six days starting from Monday. Students reached the school with their parents. The timing of the Vaccination drive was from 9:00 a.m. to 1:00 p.m. The students were in uniform, and carried their Identity card with them. There were two rooms dedicated for the purpose. Teacher Incharges monitored the whole drive. In one room, students of Class 11 received their vaccine and the other room was meant for Class 12 students. The students were wearing masks and stood at proper distance from each other. The parents sat in the waiting lounge following the rules and regulations of social distancing. It took hardly two minutes for each student to complete the procedure and get vaccinated. The Principal arranged healthy snacks for the students getting vaccinated. All the students who got vaccinated received the certificate of vaccination. There was a lot of excitement and enthusiasm among the students. It was like a festival of health in the school. After getting vaccinated, the students were given the option to stay back and attend regular classes or return to their homes with parents. Most of them opted for regular classes.

The drive was highly successful. The week ended with a strong conviction that prevention is better than cure.

Q2. You are Shyam/ Shalini, the student reporter of Green Valley Public school. Write a report for the school magazine about the Tree Plantation drive held in your school recently.

Ans-

## TREES- THE GREEN GOLD OF THE EARTH

- Shyam/ Shalini

Tuesday, February 8, 2022

Last week was dedicated to the cause of the environment. A mass campaign was held in the school dedicated to tree plantation.

Students from Class 6-12 took part in the movement to protect the environment. Following the rules of social distancing, the campaign was organised with a great deal of excitement and enthusiasm. The campaign was monitored by the teachers and the Principal. The students and teachers brought a sapling of their choice from their home. The area of plantation was divided according to the saplings. The students of seniormost class guided the juniors to reach the place of plantation. Similar saplings were planted together. Due care was taken to ensure safety of students. The drive started in the morning at 9 :00 a.m. and it continued till 1:00 p.m.in the noon. Around 400 saplings were planted in the duration. The students and teachers were also asked to take care of their sapling. There was also a short programme in which students were given certificates of participation. There were also speeches given by students and teachers regarding the importance of trees. The Principal addressed everyone and inspired to be the stewards of the globe.

The tree plantation drive was highly successful.

Q3. You are Ajay/ Anita, the resident of Trilok society, Mumbai. You were caught in a traffic jam a day before and almost missed your flight to Delhi. Write a report to be published in the newspaper.

Ans-

### TRAFFIC JAMS- THE UNWANTED OBSTACLES

- Ajay/Anita

Tuesday, February 8, 2022

Yesterday as I was on my way to the airport to catch the flight to Delhi, I was caught in a traffic jam. I had already started quite early predicting the same.

I had hired a cab and reached the main street without any problem. But the moment I entered the main street, the cab came to the halt as there was a complete traffic jam. It appeared as if there was no movement at all. I was still hopeful that I would reach well in time. The vehicles started moving but the speed was slow that every moment appeared so huge as if it wasn't going to end ever. The reason of the jam was clearly unknown to all. I looked as far as I could to catch a glimpse of the traffic police and could notice two of them trying to clear the jam. The worse part was the endless and unnecessary honking and I realized it was such a huge concern causing noise pollution. I looked at my watch and got worried of missing my flight. Finally the cab reached the spot of trouble causing vehicle and it was a truck which has broken down in the middle of the road due to tyre puncture. Somehow the cab moved ahead. It was almost time for my flight to take off. I hurried inside the airport and was glad that I was assisted by the airport authorities to do a quick check in and I boarded the flight just in time.

The experience made me realize that such traffic jams can be avoided if quick resolution is done.
